

RURAL MUNICIPALITY OF LAC DU BONNET

Employment Opportunity

Civil Engineering Technology (CET) Student

Reporting to the Public Works Project Manager, the Civil Engineering Technology (CET) Summer Student will provide field and technical support for municipal projects, including surveying, data collection, asset management, construction monitoring, and inspections. The student will complete assigned tasks and documentation while working independently and as part of a team, following all Workplace Health and Safety procedures.

To be considered, you must meet the following qualifications:

- Enrolled in Civil Engineering, Environmental Engineering, Engineering Technology, or a related program
- Interest in municipal infrastructure, construction, and fieldwork
- Basic knowledge of surveying, construction, or water/wastewater systems; GPS and AutoCAD/Civil 3D skills are an asset
- Strong organizational, communication, and teamwork skills
- Physically able to perform fieldwork in all weather conditions
- Valid Class 5 Driver's License
- Self-motivated and eager to learn

As part of the interview, you will be assessed for the following competencies:

- Dependability
- Initiative
- Adaptability
- Teamwork
- Collaboration

For the complete job description for the Civil Engineering Technology (CET) student position, please visit our website at www.rmoflacdubonnet.com/p/employment-and-funding-opportunities.

Interested candidates should submit a resume and cover letter to Riley Dueck, Public Works Project Manager, at cet@lacdubonnet.com by April 10th, 2026.

We appreciate all applications, but only those selected for further consideration will be contacted.
