

LTRT / Rural Municipality of Lac Du Bonnet Website Audit

Introduction

This document is a summary of test results. It is representative, not comprehensive.

This round of testing was done for WCAG 2.1 Level AA.

Testing Methods

Testing methods for this audit included:

- Keyboard testing
- Colour Contrast Analyser: <https://www.tpgi.com/color-contrast-checker/>
- Deque axe DevTools (Chrome extension): <https://www.deque.com/axe/>
- NVDA Screen Reader: <https://www.nvaccess.org/download/>

Useful References

WCAG 2.1 Quick Reference

<https://www.w3.org/WAI/WCAG22/quickref/?versions=2.1>

This is a good reference for looking up Web Content Accessibility Guidelines (WCAG) success criteria.

WebAIM accessible form controls

<https://webaim.org/techniques/forms/controls>

This is a good reference for coding proper form controls.

ARIA Authoring Practices Guide (APG)

<https://www.w3.org/WAI/ARIA/apg/patterns/>

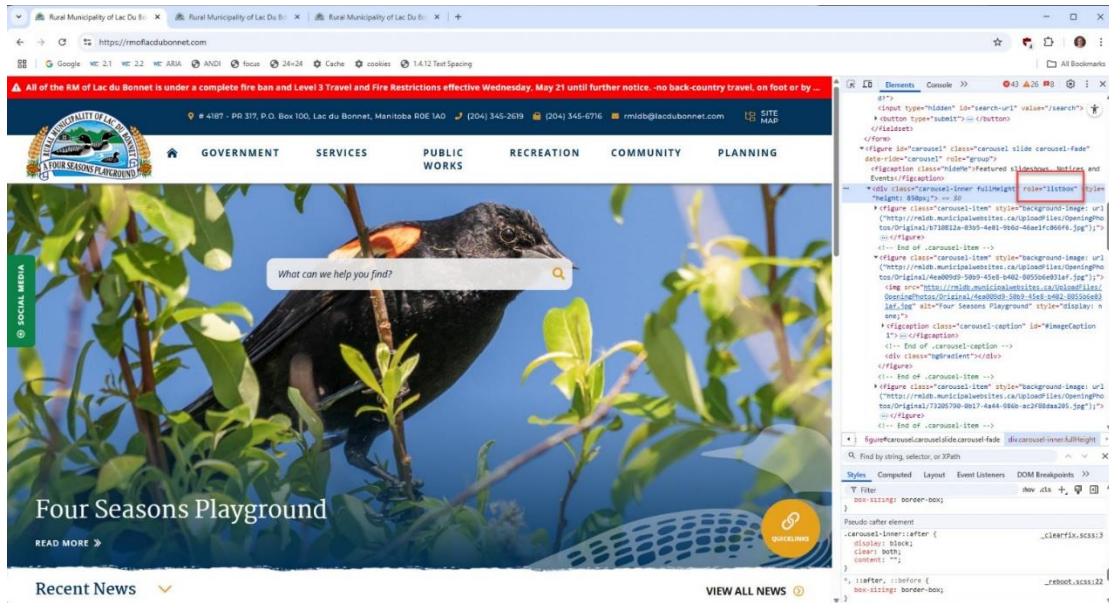

This is a good reference for creating accessible components that don't exist natively in HTML, like accordions, carousels, modal dialogs, etc.

<https://rmoflacdubonnet.com/>

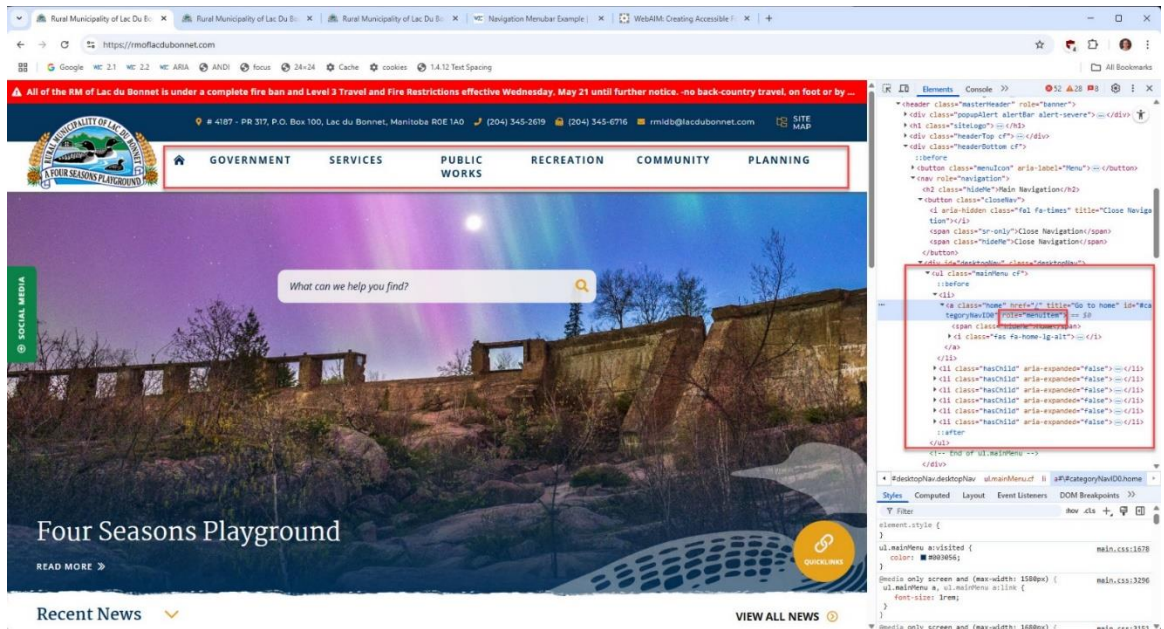

- Recommendation: Large text only needs a contrast of 3:1. So you can change the orange background colour to #CA8600 (for a contrast of 3:1), if you also increase the font-size to 1.2rem, and increase the font-weight to 700. (Large text is considered any of: large text is 1.5em / 18pt / 24px / 1.2em bold / 14pt bold / 19px bold.)

The screenshot shows a web browser with the URL <https://rm200.lacdubonnet.com>. The page content includes a fire ban notice and a 'Register for Connect' section. A red box highlights a 'Close' button on the fire ban notice. The browser's developer tools are open, showing the CSS for the 'Close' button, which includes a background image and color.

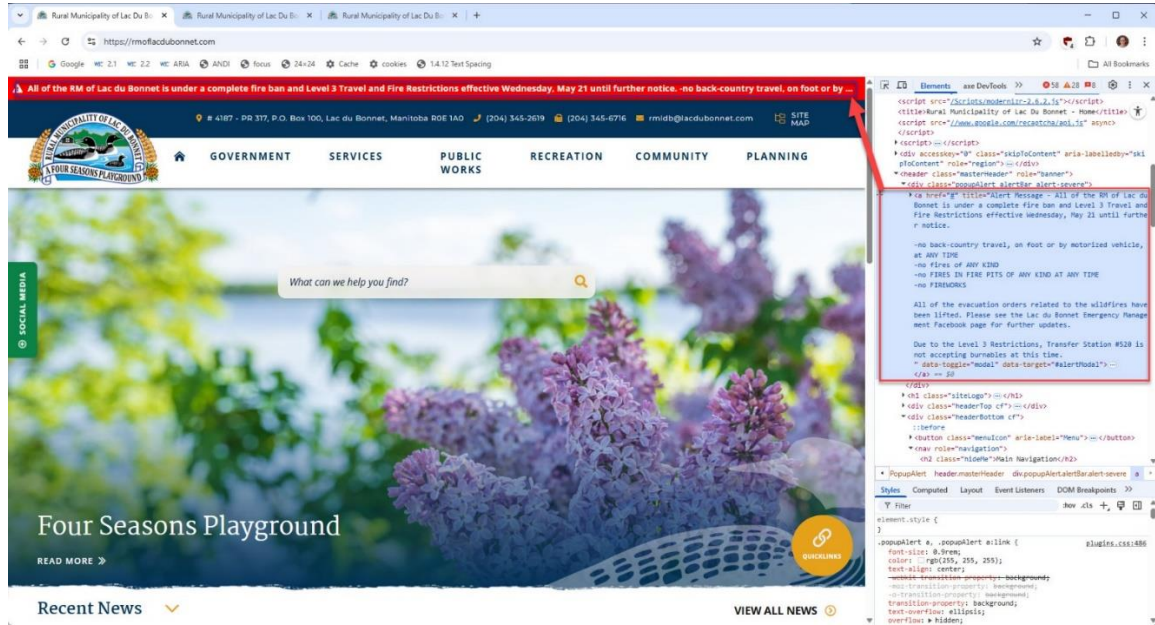

- The carousel has role="listbox", which is not valid, because it's not a dropdown, and there are no <option /> elements or role="option".
Recommendation: remove the role="listbox" code.

- In the top nav, each menu item is coded with role="menuitem", but the overall menu has no role="menubar".
Recommendation: Code the element with role="menubar". For a working example, see: <https://www.w3.org/WAI/ARIA/apg/patterns/menubar/examples/menubar-navigation/>

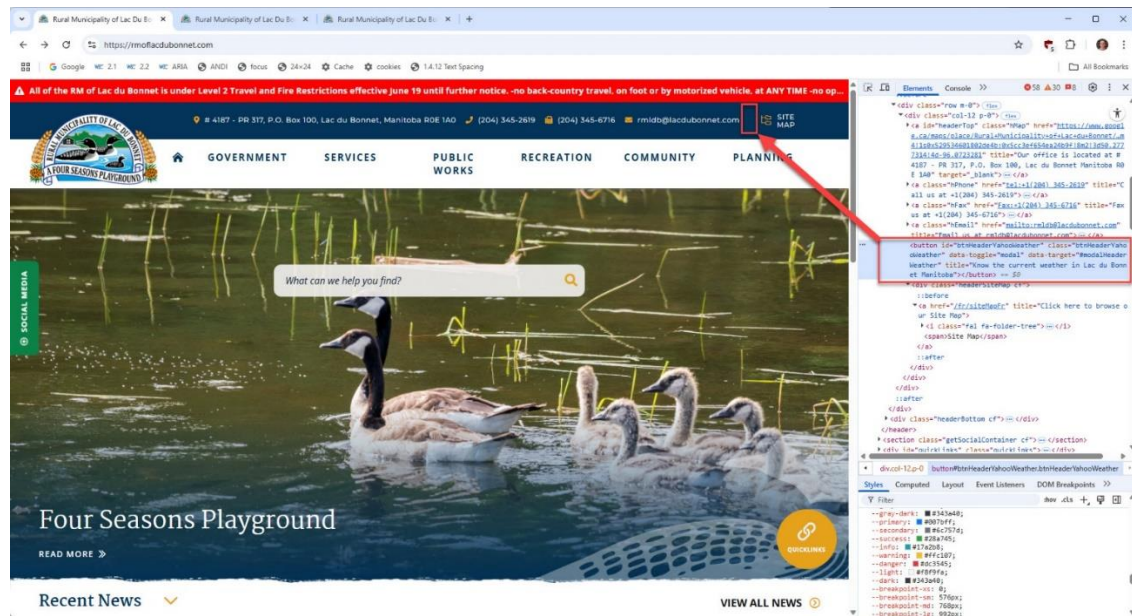

4. The text in the red banner has low contrast (#FFFFFF on #FF0000 for a colour contrast of 3.99:1). It should have a contrast ratio of 4.5:1 or higher.
Recommendation: Darken the red background to #EE0000 (or darker) for a contrast ratio of 4.5:1.

- The Weather button doesn't do anything. It's tabbable, and screen reader accessible, but it doesn't work.

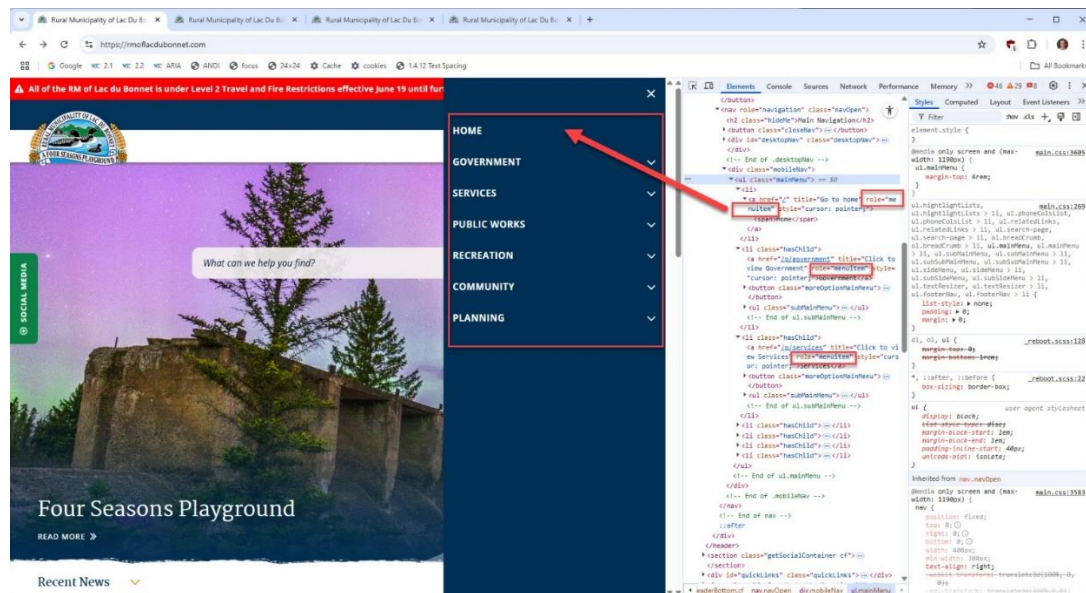

Recommendation: Remove the button, since it doesn't work.

- The hamburger menu has several elements with role="menuitem", but it has no container with role="menu" and an aria-label.

Recommendation: Include ARIA code from this demo:

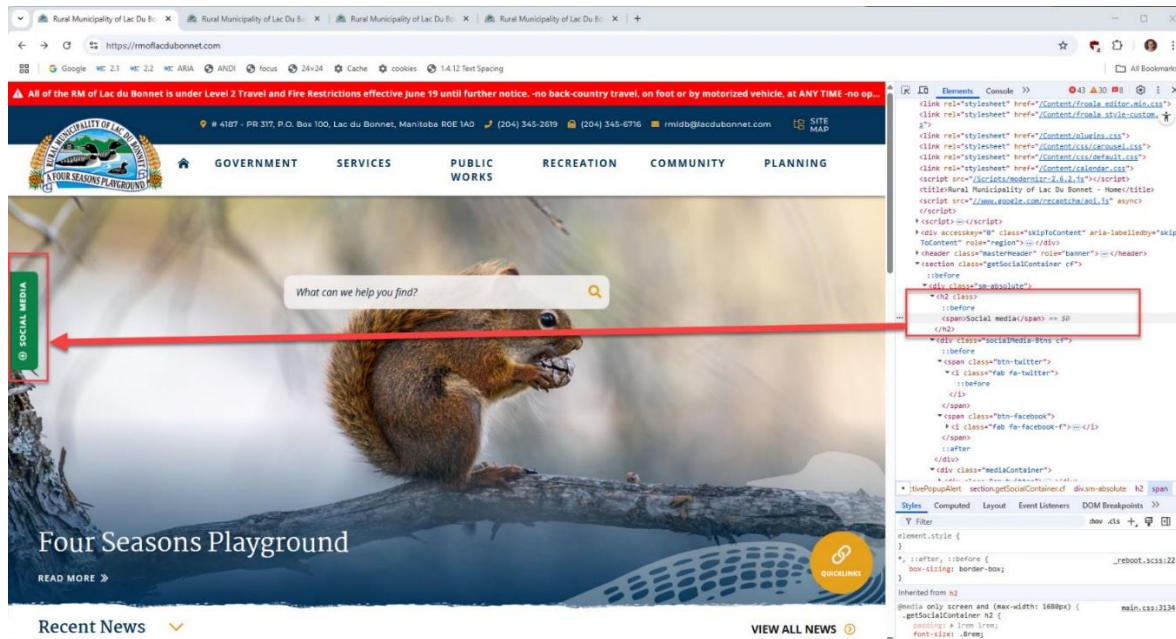

<https://www.w3.org/WAI/ARIA/apg/patterns/menu-button/examples/menu-button-links/>

- The "Social media" button is not a proper semantic button, and it's not keyboard accessible.

Recommendation: Use the code from this accessible accordion demo:

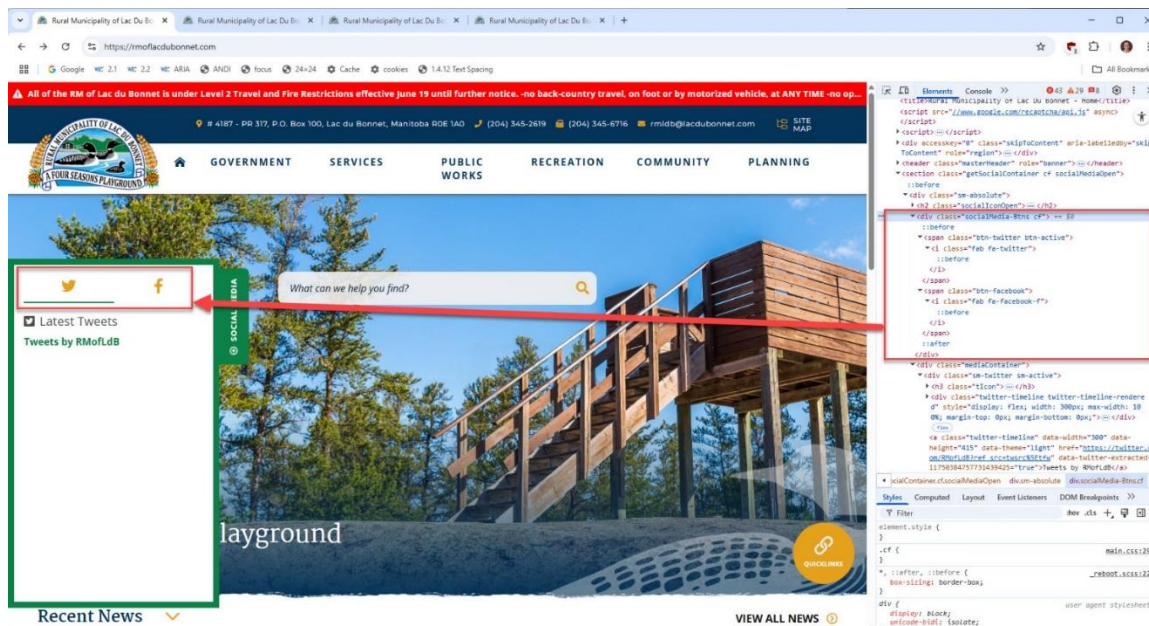

<https://www.w3.org/WAI/ARIA/apg/patterns/accordion/examples/accordion/>

- In the "Social media" menu, the tabs are not proper semantic tabs, and they're not keyboard accessible.

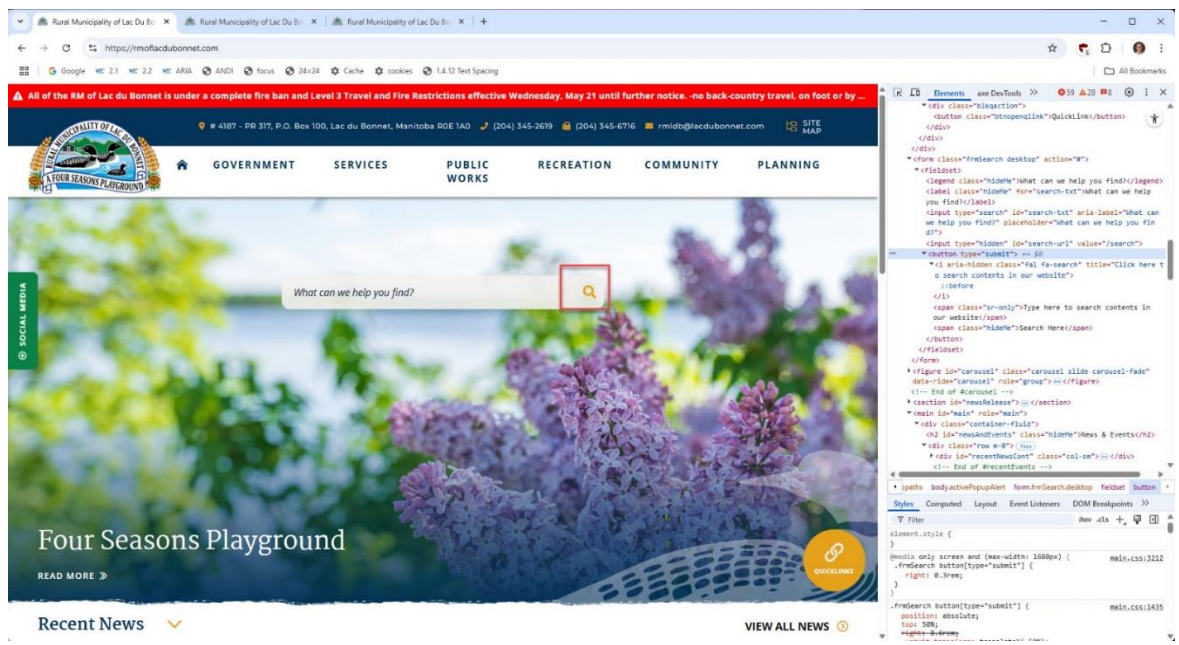

Recommendation: Use the code from this accessible tabs demo:

<https://www.w3.org/WAI/ARIA/apg/patterns/tabs/examples/tabs-manual/>

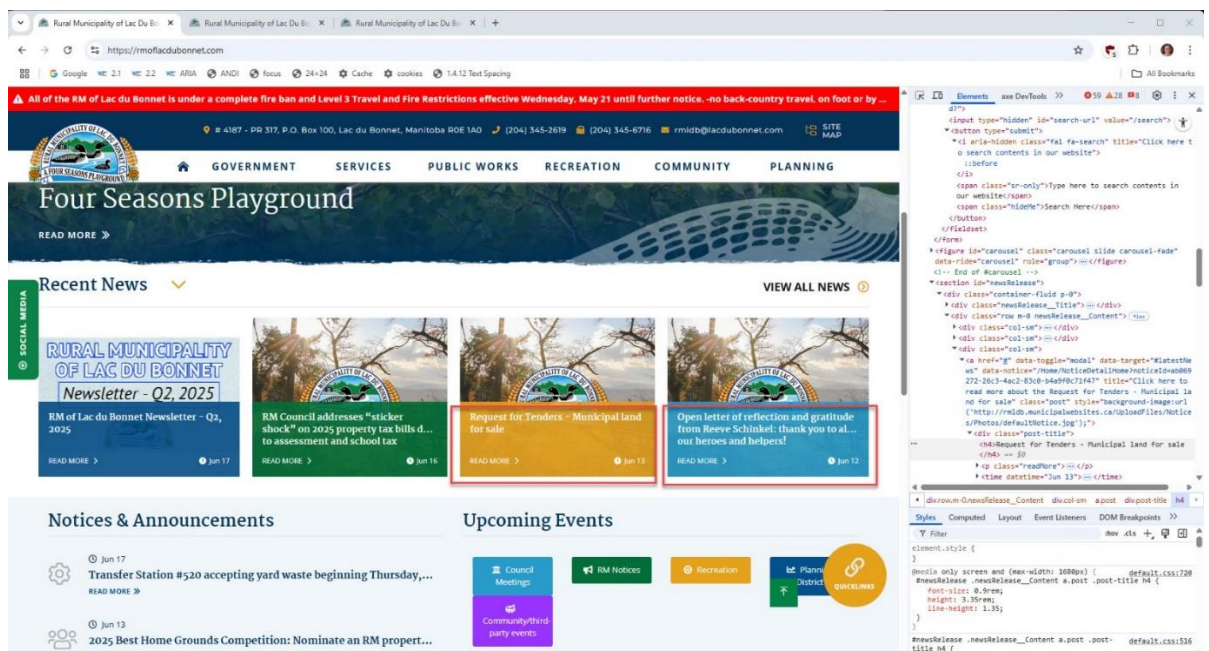

- The magnifying glass is low contrast (#E6A21C on #FFFFFF for a contrast ratio of 2.2:1).

Recommendation: Make it #CA8600 (or darker) for a contrast ratio of 3:1.

10. The white text is low contrast when placed on yellow (approx. #DCA024) and light blue (approx. #379CBF).

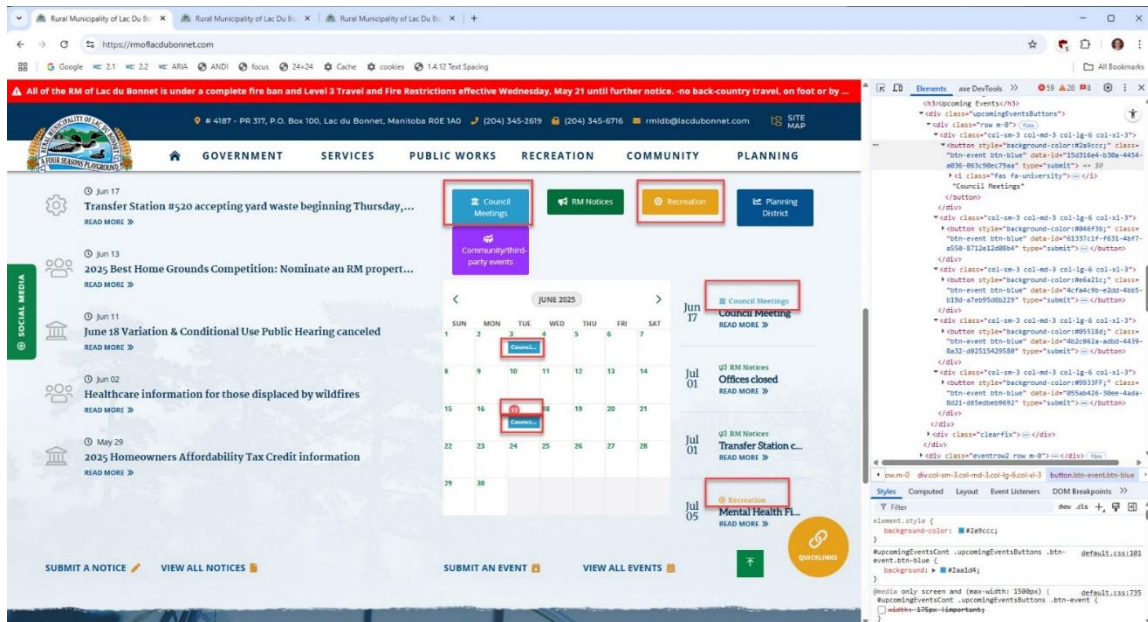

Recommendation: Darken the yellow to #A56900 (or darker) and the light blue to #1B7FA4 (or darker), for a contrast ratio of 4.5:1.

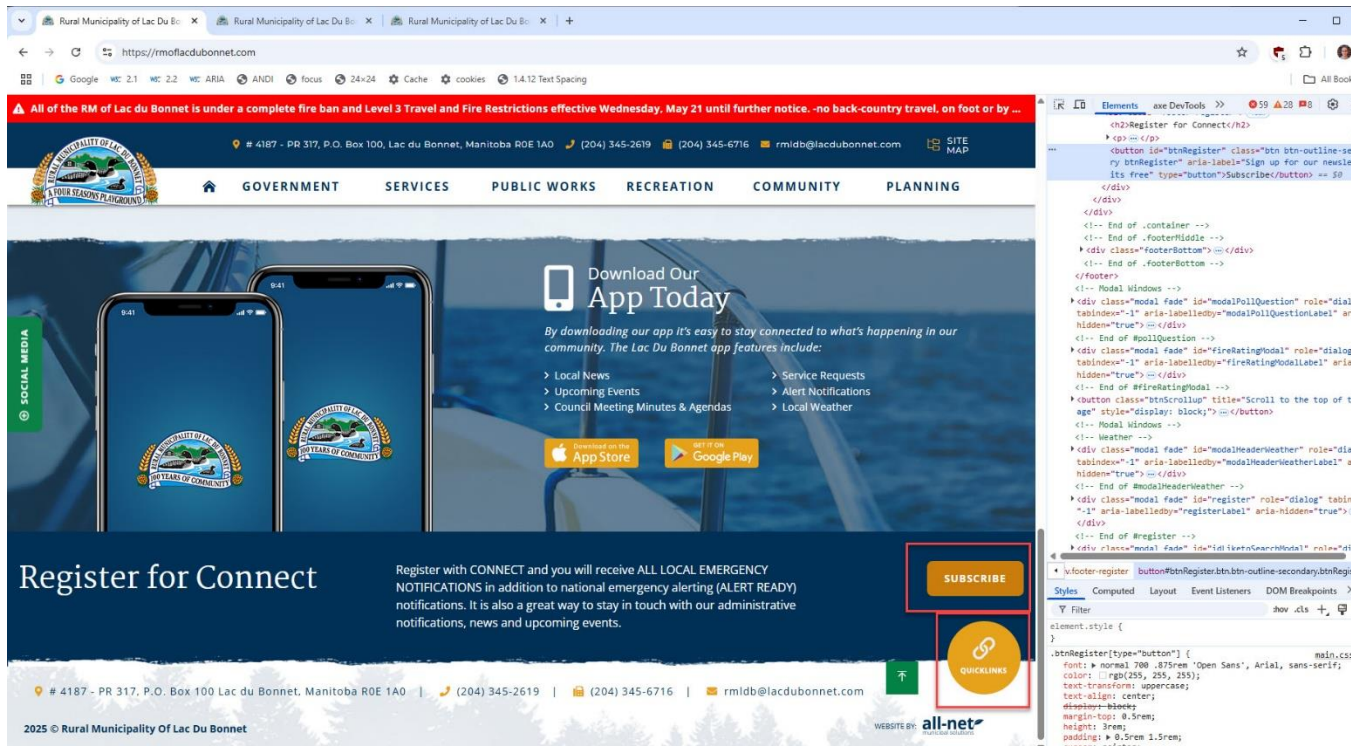

11. Here are some more examples of low contrast text.

Recommendation: For the white text, darken the background until the contrast ratio reaches

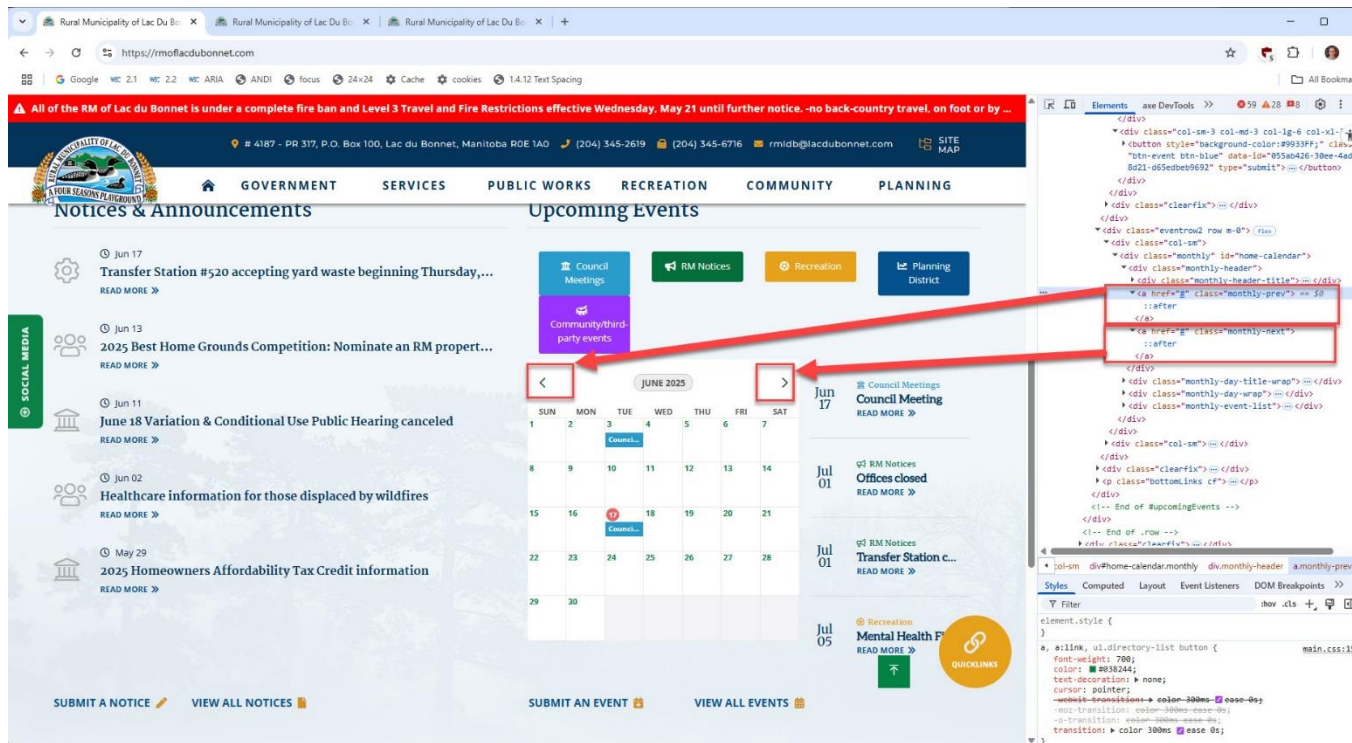

4.5:1. For the non-white text, darken the text until the contrast ratio reaches 4.5:1.

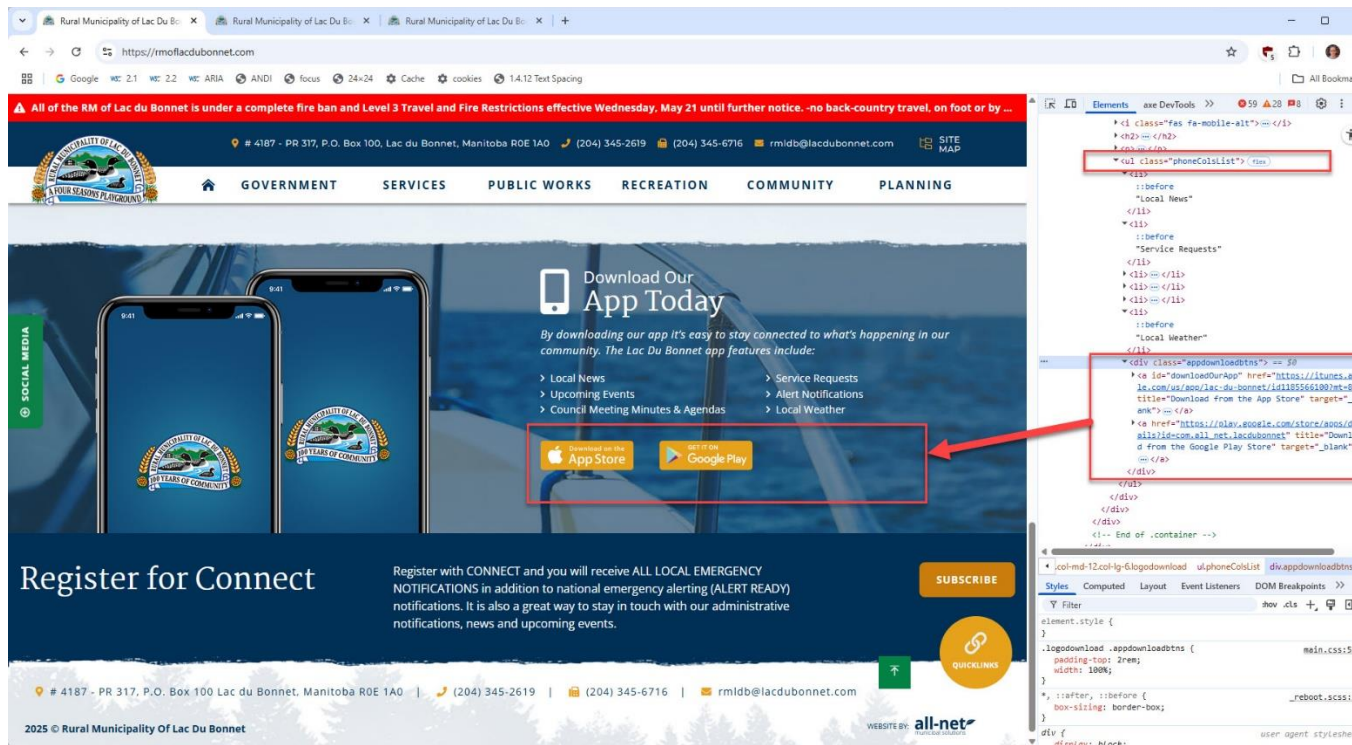

12. The “Subscribe” and “Quicklinks” buttons are low contrast.
Recommendation: Darken the yellow to #A56900 (or darker).

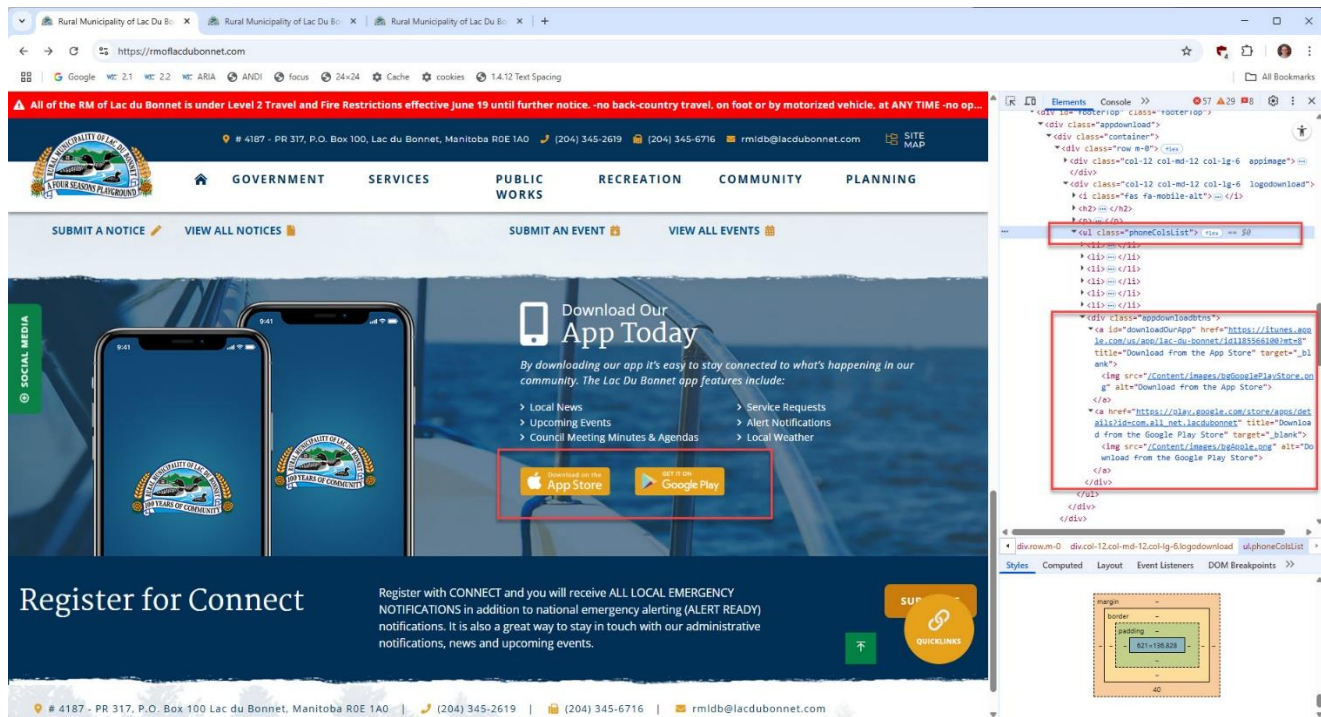

13. The calendar's Previous/Next buttons are coded as links, and they have no labels.
Recommendation: Code them with a <button> tag or add role="button", and add aria-label="Previous month" or "Next month".

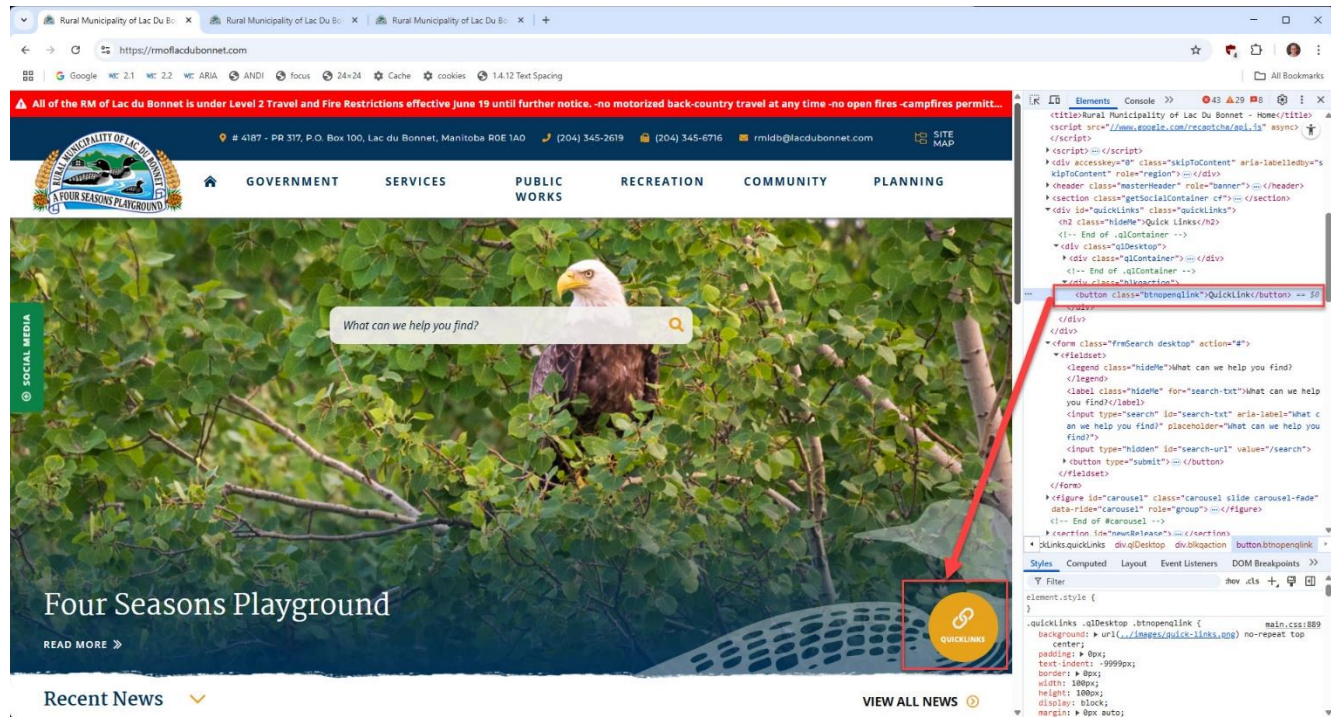

14. The App Store and Google Play links are low contrast.
Recommendation: Consider using these darker buttons:
- Google Play: <https://developer.android.com/distribute/marketing-tools/linking-to-google-play>
 - Apple App Store: <https://developer.apple.com/app-store/marketing/guidelines/#downloadOnAppstore>

15. The element should contain only elements, but the app store links are not contained within elements.
Recommendation: Either place the app store links within elements, or move them outside of the element.

16. The “Quicklinks” button does not show a visible focus indicator when you tab to it.
Recommendation: Adjust the CSS style(s) so the focus indicator (border) is visible.

Transfer Stations

<https://rmoflacadubonnet.com/p/transfer-stations>

1. In the Site Menu (on the left side of the page), each link is coded as `role="menuitem"`, but they aren't contained within an element coded with `role="menu"`.

Recommendation: Code the overall menu with `role="menu"` – see this example:

<https://www.w3.org/WAI/ARIA/apg/patterns/menuubar/examples/menuubar-navigation/>

The screenshot shows the website of the Rural Municipality of Lac du Bonnet. The top navigation bar includes links for GOVERNMENT, SERVICES, PUBLIC WORKS, RECREATION, COMMUNITY, and PLANNING. The left sidebar menu is expanded, showing the Public Works Department and its sub-items: Transfer Stations, Cemeteries, Boat Launches, Municipal Roadways, and Forms. The main content area is titled 'Transfer Stations' and features a notice dated June 17, 2025, regarding burnable items and construction/demolition waste. A red arrow points from the 'Transfer Stations' menu item to the main content area. The right sidebar shows the 'Elements' panel with the HTML structure of the page, highlighting the 'role="menuitem"' attribute on the 'Transfer Stations' link.

Public Works Department

- Transfer Stations
- Cemeteries
- Boat Launches
- Municipal Roadways
- Forms

Transfer Stations

NOTICE JUNE 17, 2025:

Burnable Items:

Beginning Thursday, June 19, Transfer Station #520 will begin accepting yard waste. This includes any brush, leaves, grass clippings, garden, flowerbed vegetation, straw and tree stumps.

The ban on combustible items is still in place as we remain unable to use the burn pits. These items include untreated lumber and untreated lumber packaging.

We understand many residents have combustible waste that they would like to dispose of and we appreciate your patience as we work towards safely accepting this waste at the Transfer Station.

Acceptance of construction/demolition waste:

Residential:

Residents of the RM are able to bring construction/demolition waste **RELATED THE WILDFIRE** to Transfer Station #520 free of charge under the following conditions:

- In the Site Menu (on the left side of the page), each expandable item has an incorrect aria-owns attribute.

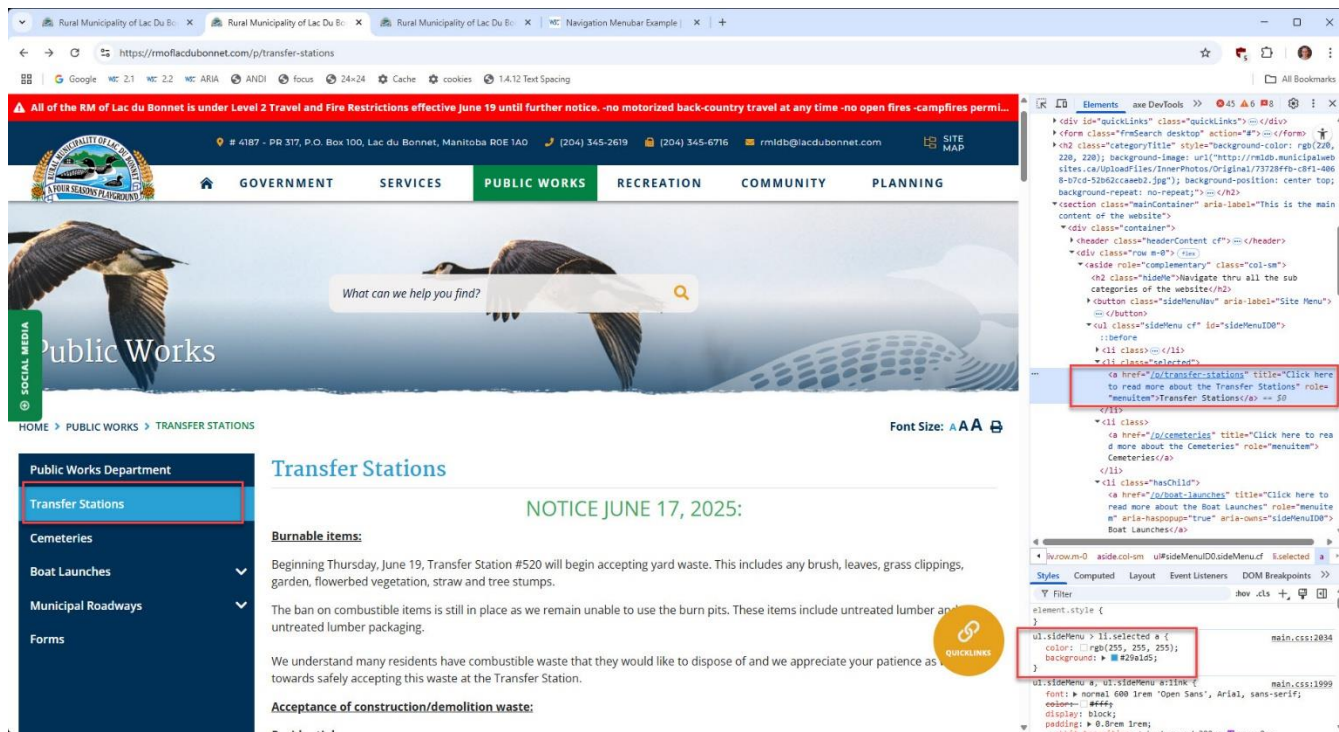

Recommendations:

- For "Boat Launches", set aria-owns="subSideMenuID0".
- For "Municipal Roadways" set aria-owns="subSideMenuID1".

The screenshot shows the website of the Rural Municipality of Lac du Bonnet. The main navigation bar includes links for GOVERNMENT, SERVICES, PUBLIC WORKS, RECREATION, COMMUNITY, and PLANNING. The left sidebar contains a 'Public Works Department' menu with items like Transfer Stations, Boat Launches, and Municipal Roadways. The main content area is titled 'Transfer Stations' and includes a 'NOTICE JUNE 17, 2025:' section about burnable items and waste acceptance. A developer tools overlay on the right shows the HTML structure of the site menu. Red boxes highlight specific attributes: 'aria-owns="subSideMenuID0"' for Boat Launches and 'aria-owns="subSideMenuID1"' for Municipal Roadways. A red arrow points to the 'aria-owns' attribute for the 'Municipal Roadways' item, which is currently set to 'subSideMenuID0'.

- In the Site Menu (on the left side of the page), the current link is low contrast (#FFFFFF on #29A1D5 for a contrast ratio of 2.93:1). It should have a contrast ratio of 4.5:1 or higher.

Recommendation: Change the blue background colour to #067EB2 or darker.

4. The image of the Transfer Station has no alt attribute.
 Recommendation: Choose one of the following:
 - a) If you feel the image is decorative, code `alt=""`.
 - b) If you feel the image is informational, code something like `alt="Photo of the Transfer Station with separate containers for sorting, and a Lac Du Bonnet transport trailer."`
 - c) If you feel the image is informational and it deserves a visible caption underneath it, code it as a `<figure />` element with a `<figcaption />` containing the descriptive text. See this example: <https://www.w3.org/Style/Examples/007/figures.en.html>

Recycling

Recycling is accepted at Transfer Station #520. Please rinse, remove lids and sort your recyclables.

We accept the following recyclables:

- Newspapers, magazines, and flyers
- Calendars, phonebooks, and catalogues
- Books of all types (phone, paperback, hardcover)
- Office paper (if shredded)
- Boxboard (cereal boxes, etc.)
- Corrugated cardboard
- Glass bottles, jars, dishes with lids removed
- #1, #2, #4, #5 and #7 plastic containers
- Milk cartons and Tetra Paks
- Aluminum and tin cans
- Household batteries and cell Phones
- Tires

We do NOT accept:

- Styrofoam
- Kleenex
- Plastic bags
- Bubble wrap

5. The font size selector is made up of links, but they are not proper links (they each have href="#").
Recommendation: Code each one as a <button /> element, or add role="button".

The screenshot shows the Rural Municipality of Lac du Bonnet website. The main content area is titled 'Transfer Stations' and includes a 'NOTICE JUNE 17, 2025:' section. A 'Font Size' selector is located in the bottom right corner, consisting of three links: 'A', 'A', and 'A'. A red box highlights the 'Font Size' selector, and a red arrow points to the 'A' link. The right sidebar shows the 'Burnable Items' section with a 'NOTICE JUNE 17, 2025:' heading. The bottom of the page has a 'QUICKLINKS' button.

6. The page has heading structure issues.
Recommendations:
- Code "Transfer Stations" as an h1 (currently it's an h4).
 - Bold, underlined text like "NOTICE JUNE 17, 2025:" should be coded as a heading (like an h3).
- Also, they shouldn't be underlined, because that makes them look like links.

Transfer Stations

NOTICE JUNE 17, 2025:

Burnable items:

Beginning Thursday, June 19, Transfer Station #520 will accept yard waste. This includes any brush, leaves, grass clippings, garden, flowerbed vegetation, straw and tree stumps.

The ban on combustible items is still in place as we remain unable to use the burn pits. These items include untreated lumber and untreated lumber packaging.

We understand many residents have combustible waste that they would like to dispose of and we appreciate your patience as we work towards safely accepting this waste at the Transfer Station.

Acceptance of construction/demolition waste:

Residential:

Residents of the RM are able to bring construction/demolition waste **RELATED THE WILDFIRE** to Transfer Station #520 charge under the following conditions:

- In order to allow us to process this waste, we ask that metals be separated from all other material.
- Residents will be asked to present a Transfer Station card prior to us accepting the waste.
- We are not able to accept loads which exceed the size of a dump trailer or loads containing waste which does not fit in our

Transfer Stations

- Residents will be asked to present a Transfer Station card prior to us accepting the waste.
- We are not able to accept loads which exceed the size of a dump trailer or loads containing waste which does not fit in our

7. The electronic waste image has no alt text.
Recommendation: Code it with alt="".

Electronic Waste Recycling

Electronic waste recycling is accepted at Transfer Station #520.

We accept the following electronic waste:

- Computer cables
- Computer cards
- Circuit boards
- Internal or External CD-ROMS, DVD and burners
- Electronic typewriters
- Fax machines
- Hard disks and floppy drives
- Laptops
- Laptop accessories
- Modems
- Networking equipment
- Personal computers
- Inkjet and laser printers
- Software manuals, CDs, DVDs, diskettes
- Cassette and reel to reel players
- Mobile radios

Electronic waste recycling is accepted at Transfer Station #520.

We accept the following electronic waste:

- Computer cables
- Computer cards
- Circuit boards
- Internal or External CD-ROMS, DVD and burners
- Electronic typewriters
- Fax machines
- Hard disks and floppy drives
- Laptops
- Laptop accessories
- Modems
- Networking equipment
- Personal computers
- Inkjet and laser printers
- Software manuals, CDs, DVDs, diskettes
- Cassette and reel to reel players
- Mobile radios

8. The "Used Oil Program" image has no alt text. The image contains a lot of informational text.
Recommendation: The best option would be to replace the image with actual text, with

headings. Alternately, you could link the image to a separate page with details about the Used Oil Program, and give the image alt text that describes the link destination to the other page.

The screenshot shows the website of the Rural Municipality of Lac du Bonnet. The main heading is "2024 Used Oil Program". Below it, a sub-heading reads "Arrive with old oil, leave with new by participating in our 2024 Used Oil Program at Transfer Station #520!". A red box highlights a section titled "Rural Municipality of Lac du Bonnet Used Oil Program". This section includes the text: "The RM of Lac du Bonnet Transfer Station #520 is promoting a program designed to provide an incentive for people to bring used oil to the Eco Centre. The program will be honored to one member of the household per year with identification. We accept oil containers to a maximum size of 5 litres and limited to 20 litres for exchange. Effective June 17, 2024. 1 to 5 Litres of used oil – you will receive 1 Litre of New Oil. 6 to 15 Litres of used oil – you will receive 2 Litres of New Oil. 16 and up 20 Litres of used oil – you will receive 3 Litres of New Oil. PROGRAM IS SUBJECT TO LIMITATIONS AND WHILE QUANTITIES LAST!". Below this, the heading "Transfer Station #214" is visible. A red arrow points from the code editor on the right to the highlighted program details. The code editor shows the following HTML snippet:

```
 == JB
```

9. The Summer Hours table has no <th /> table headers.
Recommendation: Add <th /> table headers in the top row ("Day", "Open", "Close").

2025 Summer Hours
(effective May 4 2025 to fall 2025)

Monday	9:00 a.m.	6:45 p.m.
Tuesday	9:00 a.m.	6:45 p.m.
Wednesday	CLOSED	CLOSED
Thursday	9:00 a.m.	6:45 p.m.
Friday	9:00 a.m.	6:45 p.m.
Saturday	9:00 a.m.	6:45 p.m.
Sunday	9:00 a.m.	6:45 p.m.

Transfer Station #520 accepts household waste, disposables of scrap metal, hazardous waste, rubble, oil, and items for the burning pits.
Effective January 1, 2022, all ratepayers still in the Transfer Station after the posted closing time will have an additional 15 minutes to finish depositing their waste.
Effective Oct. 23, 2024, Transfer Station #520 is CASHLESS. Transfer Station #520 continues to accept debit and credit cards.
See the [Solid Waste Disposal By-Law No. 07-24](#) for more information.

10. The Current Hours table has no <th /> table headers.
Recommendation: Add <th /> table headers in the top row ("Day", "Open", "Close").

Transfer Station #214
Current Hours
(effective until further notice)

Sunday	9 a.m.	11:45 a.m.
--------	--------	------------

Transfer Station #214 accepts household waste and recycling.

Recycling
Recycling is accepted at Transfer Station #214. Please rinse, remove lids and sort your recyclables.

We accept the following recyclables:

- Newspapers, magazines, and flyers
- Calendars, phonebooks, and catalogues
- Books of all types (phone, paperback, hardcover)
- Office paper (if shredded)
- Boxboard (cereal boxes, etc.)
- Corrugated cardboard
- Glass bottles, jars, dishes with lids removed
- #1, #2, #4, #5 and #7 plastic containers
- Milk cartons and Tetra Paks
- Aluminum and tin cans

Meetings, Agendas, & Minutes

<https://rmoflacadubonnet.com/p/agendas-minutes>

1. In the Site Menu (on the left side of the page), each link is coded as `role="menuitem"`, but they aren't contained within an element coded with `role="menu"`.

Recommendation: Code the overall menu with `role="menu"` – see this example:

<https://www.w3.org/WAI/ARIA/apg/patterns/menubar/examples/menubar-navigation/>

The screenshot displays the website of the Rural Municipality of Lac du Bonnet. The left sidebar menu is highlighted with a red box, and a red arrow points to the 'Meetings, Agendas & Minutes' link. The main content area shows details about council meetings, including a list of meeting times and a link to the 'Upcoming Events Calendar'. The right side of the image shows the browser's developer tools, specifically the 'Elements' panel, which displays the HTML structure of the sidebar menu. A red box highlights the `role="menuitem"` attribute on the 'Meetings, Agendas & Minutes' link, and a red arrow points from this box to the red box in the sidebar menu.

- In the Site Menu (on the left side of the page), each expandable item has an incorrect aria-owns attribute.

Recommendations:

- For "Accessibility", set aria-owns="subSideMenuID0".
- For "Municipal Council", set aria-owns="subSideMenuID1".
- Etc. – similar fixes for the rest.

The screenshot shows the website of the Rural Municipality of Lac du Bonnet. On the left, there is a 'Site Menu' with several expandable items: Accessibility, Municipal Council, Boards and Committees, Administration Team, Meetings, Agendas & Minutes (which is currently expanded), Meeting Videos, and Joint Council Meeting Minutes. The main content area is titled 'Meetings, Agendas & Minutes' and contains information about Council Meetings, including a list of meeting times and a link to the 'Upcoming Events Calendar'. A red arrow points from the 'Meetings, Agendas & Minutes' menu item to the right, where a code editor shows the HTML structure of the site menu. The code shows a 'ul' element with 'aria-owns="subSideMenuID0"' and a 'li' element with 'aria-owns="subSideMenuID0"', both highlighted with red boxes. The code editor also shows a 'button' element with 'aria-label="More Options"' and a 'div' element with 'aria-label="Site Menu"'.

- The eyeball icons are low contrast, especially against the grey background.

Recommendation: Darken the green colour to #009261, to reach a colour contrast ratio of 3:1.

Colour Contrast Analyser (CCA) results:

- Foreground colour: #03AA79
- Background colour: #E0E0E0
- Contrast ratio: 2.26:1
- WCAG 2.1 results:
 - 1.4.3 Contrast (Minimum) (AA): Fail (regular text), Fail (large text)
 - 1.4.6 Contrast (Enhanced) (AAA): Fail (regular text), Fail (large text)
 - 1.4.11 Non-text Contrast (AA): Fail (UI components and graphical objects)

- The pagination numbers (1, 2, 3... 10, Last) are low contrast (2.99:1). As text, they should be 4.5:1 or higher.
Recommendation: Darken them to #008857 (or darker).

WCAG 2.1 results (from previous screenshot):

- 1.4.3 Contrast (Minimum) (AA): Fail (regular text), Fail (large text)
- 1.4.6 Contrast (Enhanced) (AAA): Fail (regular text), Fail (large text)
- 1.4.11 Non-text Contrast (AA): Fail (UI components and graphical objects)

5. The <iframe /> element has no title attribute.
Recommendation: add a title, like: title="Meeting Schedule".

The screenshot shows the website of the Rural Municipality of Lac du Bonnet. The main content area displays a table of upcoming council meetings. A red box highlights the table, and a red arrow points to the iframe element in the browser's developer tools. The table contains the following data:

Meeting Type	Meeting Date	Agendas	Minutes
Public Works Committee Meeting	June 17, 2025	👁	---
Regular Council Meeting	June 17, 2025	👁	---
Regular Council Meeting	June 3, 2025	👁	---
Committee of the Whole	June 3, 2025	👁	👁
Special Meeting	May 22, 2025	👁	👁
Regular Council Meeting - CANCELLED	May 20, 2025	👁	---
Public Works - CANCELLED	May 20, 2025	👁	---
Regular Council Meeting	May 6, 2025	👁	👁
Committee of the Whole	May 6, 2025	👁	👁
Public Works Committee Meeting	April 22, 2025	👁	👁

The developer tools show the following HTML code for the iframe:

```
<iframe name="Agendas" width="100%" height="100%" src="https://lacdubonnet.com/pubs/agendas/categories/1000" frameborder="0" scrolling="yes" >>
```

- The eyeball links (for Agendas and Minutes) do not have text labels.
Recommend: Give each <a /> element an aria-label, like aria-label="Agenda" or aria-label="Minutes".

The screenshot shows the website of the Rural Municipality of Lac du Bonnet. The main content area displays a table of meeting agendas and minutes. The table has columns for Meeting Type, Meeting Date, Agendas, and Minutes. The 'Agendas' and 'Minutes' columns contain small green circular icons. A red box highlights these icons, and a red arrow points from the 'Agendas' icon to the developer tools console. The console shows the HTML code for the link, which includes an 'aria-hidden=true' attribute, indicating that the link is not accessible to screen readers.

Meeting Type	Meeting Date	Agendas	Minutes
Public Works Committee Meeting	June 17, 2025		
Regular Council Meeting	June 17, 2025		
Regular Council Meeting	June 3, 2025		
Committee of the Whole	June 3, 2025

Total Issues: 59

All touch targets must be 24px large or leave sufficient space

Ensure touch targets have sufficient size and space more information

Element Location: `iframe[name="Agendas"] #d1`

`1`

To solve this problem, you need to fix at least (1) of the following:

- Target has insufficient size (8.9px by 17px, should be at least 24px by 24px)
- Target has insufficient space to its closest neighbors. Safe clickable space has a diameter of 13.8px instead of at least 24px.
